#### THE FIRM:-

SYARIKAT UKUR AMAN (**SUA**) is a Consultancy Firm for Title, Engineering, Topographical, Mining Surveyors, Land Development and Town Planning Consultants, and was established in 1985. SUA has grown steadily since then as a reliable, competitive and professional survey firm serving a wide range of clients from Public Listed Companies, Government, quasi-government, developers to individual land owners dealing in various aspects or construction and development projects.

We incorporate new methodologies into our field as well as data processing to keep up with the demands of BIM and other information systems in order to facilitate better management of projects etc.

**SUA** not only upgrade its staff through technology renewal but as well improve its work system to provide better and more efficient service. **SUA** has achieved certification to the ISO 9001:2000 standard on the 26/4/2006 from Benchmark Certification.

**SUA** is registered with the Survey Board (Lembaga Jurukur Tanah Semenanjung Malaysia) since 1985 and the Treasury (Kementerian Kewangan) for Land Surveying and Consultation Services, Topography and Mapping.
